About Me

I am an Entry Level Frontend (UI) Developer with over 2 years of practical experience in commercial prototypes and academic projects. I am ready to contribute to team projects and continue my professional growth.

Frontend Skills:

- Core Technologies: JavaScript (ES6+, OOP, Async/Promises), TypeScript, HTML5, CSS3;
- Responsive Design: Mobile-First, CSS Media Queries, Flexbox/Grid layouts;
- Styling: SASS/SCSS, CSS Modules, Tailwind CSS, BEM methodology, GSAP animations;
- Build Tools: Webpack, Vite;
- Code Quality: ESLint, Prettier;
- State Management: Zustand;
- Validation: Zod;
- Server Communication: REST API, WebSocket;
- Graphics: Canvas API

Work experience

Professional activity in the economic field 2004 - 2022

Freelance IT 2023 - Present
